MEMORANDUM FROM THE UNITED STATES DELEGATIONCONCERNINGTHE TRANSMITTAL OF MUTUAL DEFENSE ASSISTANCE CONTROL LISTS

1. The United States Government has issued a revised edition of the Mutual Defense Assistance Control Lists ("Battle Act" Lists), dated July 1, 1959. This edition reflects the changes effected in the International Lists between the January 1, 1959 edition (transmitted under Document 3365) and July 1, 1959.
2. The United States Government has re-printed only those pages of the "Battle Act" Lists on which changes have been made. Two sets of the revised pages are being transmitted herewith for distribution to each Member Government, and an additional set has been attached for the convenience of each COCOM delegation. When those pages have been substituted as indicated in the cover instructions, the Lists as altered will represent the July 1, 1959, edition of the Mutual Defense Assistance Control Lists. A manual correction should be made on page 63 so that the heading will read "Interpretative Note No. 7" instead of "Interpretative Note No. 6".
3. This new edition of the Battle Act Lists supersedes all previous lists and amendments. Delegations will note that with the exception of the Title I - Category A List, which is Unclassified, the Lists are classified Confidential.
4. Also transmitted herewith are three copies of the new Correlation Sheets, classified Confidential, which show the current position and numbering on the Battle Act Lists of corresponding but differently numbered items on the International Lists.
